

OUROBOROS

Specimen

18 pt, 12 pt

The Ouroboros or Uroborus is an ancient symbol depicting a serpent or dragon eating its own tail. Originating in ancient Egyptian iconography, the ouroboros entered western tradition via Greek magical tradition and was adopted as a symbol in Gnosticism and Hermeticism, most notably in alchemy.

Ouroboros (Wikipedia article)

Alchemists knew the coiled serpent as Uboros. It represented the highest goal of their quest: the harmonious union of opposites, especially the masculine and the feminine sides of the personality. The motto that usually accompanied it was "From the One to the One".

Theodore Roszak, The Gendered Atom (1999)

Flamme exiguë sortant de solitude
Fait proférer qui n'est à croire vain

Nostradamus

« Il ne se passait jour que je ne regardasse
d'une fort grande diligence l'apparition
des trois couleurs [noir, blanc, rouge]
que les philosophes ont écrit devoir apparaître
avant la perfection de notre divine œuvre,
lesquelles (grâce au Seigneur Dieu) je vis
l'une après l'autre, si bien que le propre jour
de Pâques [1550], après, j'en vis la vraie
et parfaite expérience sur l'argent vif
[mercure] échauffé dedans un creuset, lequel
se convertit en fin or devant mes yeux
à moins d'une heure par le moyen
d'un peu de cette divine poudre.
Si j'en fus aise, Dieu le sait.
Je ne m'en vantai pas pour cela... »
